I have examined

 results, I would recommend the placing
 of one in the window of the Rolling
 Room facing on the western Hoisting
 machine, it will there give a much
 needed relief,

Mr Onderdonk, agent for the Company
 will furnish one of the proper capacity
 at the cost of One Hundred and Fifty
 dollars, should it not prove satisfactory
 upon trial he will receive it without
 cost.

Hon. A. Loudon Snowden
Superintendent

Sir.

I have examined the Blackman Exhaust Ventilator, at three places, where it is giving the best results, I would recommend the placing of one in the window of the Rolling Room facing on the western Hoisting Machine, it will there give a much needed relief.

Mr. Orderdonk, agent for the Company will furnish one of the proper capacity at the cost of one hundred and fifty dollars, should it not prove satisfactory upon trial he will receive it without cost.

Very Respectfully,
